MESSAGE FROM THE CHAIRMAN

With the pious obligation and considering moral duty towards future of our children and nation, we established Green Valley Public School(GVPS) with a hollistic objective to improve education.

Education plays a pivotal role for the development of a child, we believe that habits are formed during the primary school stage of the child. Our motto is to promote qualities of self-reliance, integrity, adaptability, social awareness, faithfulness, truthfulness, smartness, forgiveness, in each child and nurture them to be virtuous so may he or she can become responsible citizens of India.

At GVPS, we create an environment that focuses not only on academic growth but also enhance discipline, social awareness and personality development. As Alvin Toffler said, "The illiterate of the 21st Century will not be those who can not read and write, but those who can not learn-unlearn and relearn."

People who are educated, and have knowledge and confidence will be considered as literate. An educated child will have greater opportunity to convert dreams into reality. We realize full potential of child and endeavor to convert it into an asset of well-being. At GVPS, we go out of the way to care for your child.

We assure that Green Valley Public School will continue to provide great opportunity to its children with the co-operation of parents to explore creative skills along with academics for all round development of the child.

We are grateful towards all the parents, teachers, patrons and well wishers who extended the co-operation for running the school successfully. Our generation is planting the trees and hope that the next generation will rest under their shade.

Thanks

AIMS & OBJECTIVES

Aims and objectives of Green Valley Public School

- To prepare the students to lead a purposeful and successful life by imparting values.
- To apply and practice this knowledge and infuse gradually in the students the spirit of service in all walks of life so that they become responsible citizens of the future.
- To make the students capable of facing challenges of life efficiently and carve out their own future through hard work. As rightly said, Almighty helps those who are willing to help themselves.
- To identify talent and assist in its development through modern methods of teaching in a learning oriented and a friendly atmosphere.
- To develop multi-dimensional personality of the child enriched with sound moral values and high social responsibility.
- To inculcate in the students a sense of responsibility, discipline, respect, consciousness and motivation.
- To create a sense of co-operation, team spirit and social growth among the students.

Academic Year :

The Academic Year at Green Valley Public School commences from 1st Monday of April and ends on 31st March of each year. The holidays are structured in such a way keeping in mind the convenience of parents. It enjoys long summer vacations from 15th May to 30th June of each year.

Methodology:

At GVPS, we believe that learning environment, abundance of resources and professionally competent teachers immensely contribute and sustain education. Most crucial to the quality of education is the teacher's professional competence, her commitment and concern for the development of children reflected in care. It is in view of these requirements that every teacher is appointed through a stringent process of selection. Each teacher at GVPS is highly qualified, dedicated and a member of the school family. She not only teaches but also reflects the ideas and excellence of the high standards of GVPS. The child's optimal and comprehensive development is our paramount objective.
